**Subject:** RE: Requesting GEMMS model for Capitol Lake

Hi Miranda,

This new request is consequential in terms of a time commitment for us. I conversed with Andrew and Leanne and understand that there will be a meeting to discuss this request, and related ramifications, shortly. So, I will await the results of that discussion. Our preference is to conduct GEMSS runs for your project using the Deschutes R. concentrations that you would like to test.

-Cristiana

**Subject:** Requesting GEMMS model for Capitol Lake

Hi Cristiana,

I have an additional request related to EPA's Deschutes TMDL work. Would you be able to provide us with a copy of the calibrated GEMMS model?

Thanks,

Miranda Hodgkiss
